

Hair Removal

Eyebrow threading can be used to eliminate a unibrow, raise the arch of the eyebrow, or add shape and definition to the brow. Because it removes hair by the follicle, it is a reasonably long lasting hair removal technique as well.

Threading

Eyebrows	\$5.00

Microdermabrasion \$100.00
(For all skin types)

A medical microdermabrasion treatment helps improve hyper pigmentation, mild scarring, fine lines, pore size and aids in resurface aging/sun damaged skin.

Chemical Peels \$100.00

**Glycolic Acid
Salicylic Acid
Lactic Acid**

A therapy to reduce or improve wrinkles, blemishes, pigment spots, and sun-damaged areas of the skin. Using a chemical solution of phenol, trichloroacetic acid, or alpha hydroxy fruit acid, the top skin layers are peeled away, allowing new, smoother skin with tighter cells to occupy the surface.

Micro Peel \$125.00

The Micro Peel delicately and precisely clears dead cell build-up more efficiently than any other physical exfoliation method without causing any redness or dilation to blood vessels in the skin. This is a superior and exceptional treatment for Rosacea, mature and hypersensitive skin types

Keratin Hair Straightening Treatment

(60 % Protein)

Specially formulated to contain natural keratin protein, which rebuilds, restores and rejuvenates finest, purest ingredients to allow hair to return to its pristine, healthy looking, shiny, smooth and straight for all types of hair.
